## **2006 Cold Stone Creamery Equipment Package, New Value \$47,911**

**Available for .29 cents on the dollar!**

**Only \$13,900**

Nearly complete contents from a Cold Stone Creamery - ice cream location. The location opened with all new equipment in mid 2006 and closed in mid 2010. All the equipment had excellent care by a meticulous owner who currently operates three other locations.

This is an excellent opportunity for a Cold Stone Creamery franchisee or an independent ice cream operator to save thousands of dollars over purchasing new equipment. The equipment would be perfectly suitable for a new location after some minor touchup. The new value of what is available is \$47,900+, and can be verified.

Includes:

- 1 Coldelite LB502, air cooled batch freezer.
- 1 Masterbilt IHC Hardening cabinet w/casters.
- 1 Masterbilt BLG-74, 3 door cake display freezer.
